

Assistant Controller

Bedrocan Nederland B.V., the world most experienced producer of legal medicinal cannabis, is looking for an Assistant Controller to work with its global finance team at their location in Emmeloord.

About Bedrocan

Bedrocan is the most experienced producer of medicinal cannabis in the world. We are renowned for our standardised, high-quality products. This is why numerous governments, scientists and pharmaceutical companies from all around the world have chosen us as their preferred supplier.

They expect our pharmaceutical-grade cannabis to be the best in the world. We think they are entitled. That's why we continuously set our standards high.

As our reach and influence is rapidly expanding in the global cannabis industry, we are looking for new, highly motivated professionals. Are you ready to join our team?

What you will do

As Assistant Controller you will be responsible for assisting in accounting, bookkeeping, and financial planning & analysis on an ad hoc basis. Principally, you will be asked to record invoices into our accounting system for all operating expenses, inventory purchases and fixed assets for Bedrocan in the Netherlands. You will also work on some account reconciliations and other financial reporting items, supporting the work of the Controller.

In this role you will be provided with plenty of opportunities for professional growth and a strong potential for you to become our Financial Controller in the not so distant future.

- Prepare account statements, account reconciliations and other supporting documentation as required to assist the controller in providing timely payment
- Enter purchase invoices and match them to purchase orders
- Perform collection efforts for any outstanding accounts receivable
- Communicate with cross functional team members to obtain invoice approvals
- Prepare monthly management reports including commentary on variances
- Track expenses and review against budget, analyse fluctuations
- Develop key financial metrics analysis and operational efficiency analysis
- Collaborate with other functional groups to ensure adequate analysis is performed/provided to identify risks and opportunities
- Drive changes to monthly reporting packages to stay aligned with key business drivers & performance metrics and to ensure reports remain relevant for making business decisions
- Perform ad-hoc analysis to support business decisions
- Evaluate profit and cost efficiencies in various areas of the organisation

Who you are

- Bachelor or master in Finance
- 2-3 years experience in corporate finance, preferably as an Assistant Controller
- Advance proficiency with Microsoft Excel and PowerPoint
- Excellent organizational skills, keen eye for details and exceptional level of follow through
- Strong interpersonal skills and ability to foster relationships throughout the organization
- Ability to thrive in a dynamic, fast pace team environment with frequent deadlines
- Demonstrated ability to prioritize and manage projects from concept to completion
- Proven ability to develop new processes and be creative/innovative in approach
- Flexibility to adapt to changing processes/demands/systems associated with a growing company

- International company work is a plus and familiarity with IFRS given preference.

What we offer

We offer a full time job (38 hours/week), for a period of one year with the possibility to extend to an indefinite contract as well as a market competitive salary within a strong growing and internationally expanding company in the world of medical cannabis.
