Regulatory Affairs Specialist

Bedrocan International B.V. is looking for a Regulatory Affairs Specialist to work with its global team on their premises primarily in **Amsterdam**.

About Bedrocan

Bedrocan is the most experienced producer of medicinal cannabis in the world. We are renowned for our standardised, high-quality products, which is why numerous governments, scientists and pharmaceutical companies have chosen to work with us all around the world. As our reach and influence is rapidly expanding in the global cannabis industry, we are looking for highly qualified and motivated professionals. Are you the next to join our team and play a vital role in this exciting journey?

What will you do?

As a Regulatory Affairs Specialist you will focus on ensuring that the company is meeting all applicable regulations and legislative requirements for their products. You will work with the technical documentation related to product registration and licensing procedures. You will navigate a volatile, often unstructured regulatory environment which represents the medicinal cannabis industry and market

Key responsibilities:

- Analyse scientific and legal documents and provide technical insights and feedback;
- Gather, collate, evaluate, organise, manage information in a variety of formats to support the registration/use of products in specific jurisdictions;
- Develop, maintain and manage product documentation and work with appropriate agencies to enable the product to be prescribed in those markets;
- Understand the scientific and technical background of healthcare products produced by Bedrocan and released in to various markets;
- Develop and maintain effective distribution and recall procedures;
- Develop and maintain extensive health professional networks.

Your background

- You possess preferably a master's degree in life/health sciences, and have understanding of legal regulatory frameworks;
- 3-5 years' work experience in a similar role, e.g. working with regulatory authorities;
- Knowledge of the medical/pharma industry is a plus;
- Experience working in an International environment is highly desirable;
- Excellent organisational skills and keen eye for highly technical detail;
- Excellent oral and written communication skills in English. Knowledge of Dutch is an advantage;

- Proven ability to develop new processes and be creative/innovative in approach, but able to work within a highly regulated environment;
- Ability to thrive in a dynamic environment and flexibility to adapt to changing processes/demands/systems associated with a growing company.

Our Offer

We offer a full time job (38 hours/week), for a period of one year with the possibility to extend to an indefinite-term contract, as well as a market competitive salary within a strong growing and internationally expanding company.

How to apply?

Please send your CV together with a brief motivation letter to the following email address: career@bedrocan.com, before 25 Aug 2019.
